

Installation and User Guide

fring version 1.0.1.4

For iPhone 2.0

About fring

fring is a native mobile VoIP application that allows you to make mobile calls and send instant messages at no extra cost. fring calls **are free** ^[1], leveraging your WiFi and 3G handset mobile internet connection.

Hardware requirements

In order to use our Beta version, you will need:

- iPhone 3G, original iPhone or iPod touch with the 2.0 firmware (or above)
- Internet connection (Not a WAP connection) on your iPhone.
- Download fring on the App Store.

Note: Currently it is not possible to make VoIP calls over 3G/GPRS networks.

Downloading fring

Go to the App Store on your iPhone and search for fring on the Social Networking download category. Follow instructions on your iPhone to download fring.

Registering to fring

A short registration process is required before you can begin to use

fring. The stages of this process are:

- > Nickname and Password Selection
- > Service Definition

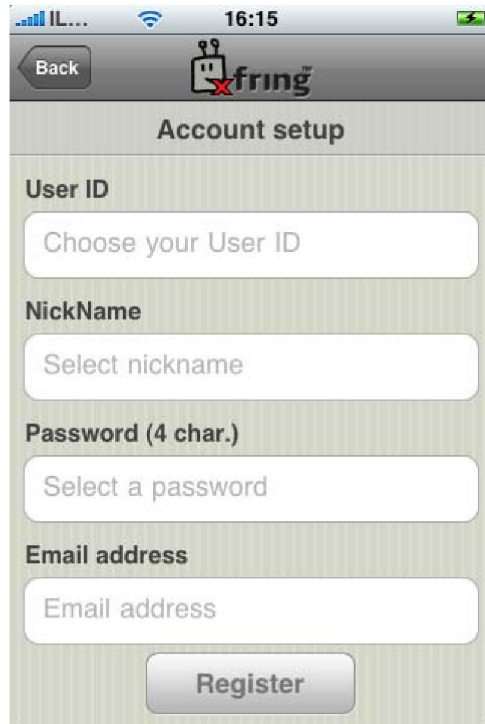

Selecting your fring nickname and password

Once the installation is complete, an **Installation Complete** message appears briefly. You are now ready to select your fring nickname and password.

If you have already registered with fring, choose '**Existing**' and enter your existing credentials to log in.

If this is your first use of fring, please choose "**New**" and follow the instructions on the following screen:

The registration screen allows you to select your nickname and the password you will use to access your fring account. Email address is required for password retrieval purpose.

Note: Passwords must be at least 4 characters.

Press **Register** to move to the next screen.

The next screen allows you to add your **MundiCalls** account details. Once you have chosen your fring nickname and password, provide the details of your **MundiCalls** account so that you can begin making and receiving VoIP calls.

Note: If you do not already have a **MundiCalls** account, send an email to info@mundicalls.com and request for one.

Adding or Signing in to **MundiCalls** VoIP service.

Follow the instructions below:

1. Click on **More** and choose **SIP** from the list.

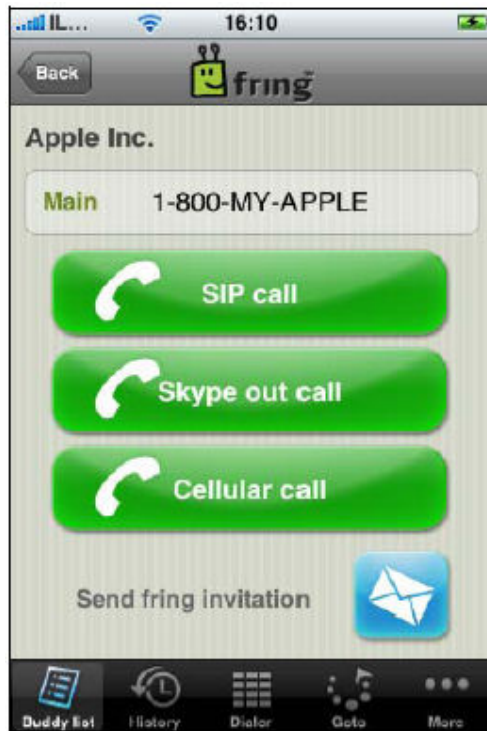

The following screen appears:

2. Choose **MundiCalls** from the list. If **MundiCalls** is not listed, choose **Other**.
3. Enter your **MundiCalls** **user id** (same as IP phone number, i.e. 333xxxx) and **password** assigned to you when you applied for **MundiCalls** service.
4. Enter the **SIP proxy**: sip99.mundicalls.com
Press **Subscribe**.

You should be logged into **MundiCalls** and now be able to make outgoing calls using your **MundiTravel Mobility** service.

Making a SIP call

From the Call Options menu choose **SIP call**. Your call will be made using the **MundiCalls** account you have added. **Start making MundiTravel calls.**

Remember to dial 1 + Area Code + Phone number for calls to USA and Canada and 011 + Country Code + City Code + Phone number for all other international destinations.
